DETAILED ACTION

Election/Restrictions

1. Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in reply to this action, to elect a single invention to which the claims must be restricted.

Group I, claim(s) 1-9, drawn to a ready mix flavored composition.

Group II, claim(s) 10, drawn to a process for manufacture of a flavored ready mix composition.

2. The inventions listed as Groups I and II do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons:

The technical feature shared by each invention is the ready mix flavored composition comprising a polymer and a flavoring agent. This technical feature, however, fails to define a contribution which each of the inventions, considered as a whole, makes over the prior art. A review of US 4,971,791 to Tsau et al. makes clear that the inventions of the groups I and II lack the same or corresponding special technical feature because the cited reference discloses drug-polymer matrix compositions comprising a polymer and a flavoring agent (abstract and column 4, lines 5-15). Accordingly, the prior art of the record supports restriction of the claimed subject matter in to the groups as mentioned immediately above.

3. A telephone call was made to Douglas P. Mueller on 8/18/2009 to request an oral election to the above restriction requirement, but did not result in an election being made.
4. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
